

We believe  
'together we  
can'

At Birkby Infant & Nursery School everyone is committed to providing a happy, secure and inviting community where children, staff, governors, parents and visitors feel safe, cared for, and valued and where both good relationships and a positive attitude to learning are developed.

We believe that the most successful learning experiences take place when parents, staff and children are *all* involved in a child's education.

## What other parents think ...

"It's the vocabulary. I can match it to my knowledge and now I understand. Without these sessions I would be lost on how to help my child!"

Mrs Akhtar

"Without the parents meetings I would have no idea how to help my children or explain things to them. I can say, for me, it is lifesaving!"

Mrs Jaf

"The parents sessions provide open and honest discussions with other parents. We are able to share ideas and ask Mrs Hinchliffe questions if we are unsure. The sessions encourage parents to get involved and support their children."

Mr Mustafa

"I do not always understand my child's homework but by coming to the morning meetings I understand how I can best support my child. All parents should come. It's 10 minutes, that's all and I think the benefit for my child is tremendous!"

Mr Rashid

## Quotes

Children spend only 15% of their waking time in school. The family plays a crucial role in deciding how the remaining 85% of time is spent.

What parents do is more important than who parents are.

“At the end of the day, the most overwhelming key to a child's success is the positive involvement of parents.”  
- Jane D. Hull

In partnership, the result is harmony, respect, love, and an explosion of creativity and joy.
