

# Evidencing the impact of the Primary PE and sport premium

Website Reporting Tool Revised October 2020

# Commissioned by

Department for Education

Created by

Support for review and reflection - considering the 5 key indicators from DfE, what development needs are a priority for your setting and your pupils now and why? Use the space below to reflect on previous spend and key achievements and areas for development.

N.B. In this section you should refer to any adjustments you might have made due to Covid-19 and how these will influence further improvement.

### Key achievements to date until July 2020:

We are a Yorkshire Sport Centre For Excellence due to the success of our after school clubs. We look forward to being able to continue sharing our good practice with other schools in the area while we continue to develop and strengthen our existing provision. Throughout the Autumn and  $1^{st}$  half of Spring term we had 80% = 240 pupils of KS1 cohort attending 2 clubs every week

Throughout 19/20 we have worked closely with the Move and Learn team. We are a Move and Learn school where active lessons are at the forefront of our provision. 'Logic would suggest that introducing physical activity into the learning experience may disrupt children and negatively impact their learning. Yet, combining movement and learning improves behaviour and focus in the classroom.

Performing as little as four minutes of exercise in the classroom setting can improve a child's behaviour and increase their focus for the following lesson. International research found that after three years of physically active learning, pupils were still more attentive following the activity'.

Areas for further improvement and baseline evidence of need:

With regards to children's habits outside school, how children spend their time in school has become increasingly more important. Although many of our classrooms are active there is still more to be done, we need to continually develop and plan lessons that allow all teachers to "teach through movement". Enabling us to provide 30 minutes of physical activity throughout every school day.

Active breaks for each class will become part of their school day to ensure all classes have the opportunity to meet their 30 active minutes in school every day.

Due to Covid -19 Some children have returned to school increasingly overweight and inactive — we need to ensure these children have a healthy mindset when it comes to Physical activity and leave our school and with the knowledge, skills and motivation necessary to equip them for a healthy

Staff CPD needs to be at the forefront of what we do. By creating an Active Schools framework we hope to ensure that physical activity is at the centre of our school ethos and in order to have a healthy body and healthy mindset our teachers need to be skilled in delivering the fundamental skills that will create not only physically literate and happy children but will continually upskill and enable staff to deliver and teach highly important fundamental skills throughout their lessons. To review and update planning in order to engage, motivate and inspire staff. To work in conjunction with staff CPD so good practice is shared across the whole school. To ensure ETA's also have access to training to support active breaks and physically active learning.

Did you carry forward an underspend from 2019-20 academic year into the current academic year? YES If YES you must complete the following section

If any funding from the academic year 2019/20 has been carried over you MUST complete the following section. Any carried over funding MUST be spent by 31 March 2021.

Academic Year: September 2020 to March 2021	Total fund carried over: £6500	Date Updated:10/11/20		
What Key indicator(s) are you going	g to focus on?			Total Carry Over Funding:
				£6500
Intent	Implemen	tation	Impact	
Your school focus should be clear how you want to impact on your pupils.	Make sure your actions to achieve are linked to your intentions:	Carry over funding allocated:	Evidence of impact: How can you measure the impact on your pupils; you may have focussed on the difference that PE, SS & PA have made to pupils re-engagement with school. What has changed?	Sustainability and suggested next steps and how does this link with the key indicators on which you are focussing this academic year?
progressive and coherent P.E. curriculum that empowers and increase staff confidence, whilst delivering the highest quality outcomes for our children in both physical, cognitive, social and emotional aspects of PE.	Implement "Complete PE" adapted planning resource with staff. Use staff training and review to ensure "Complete PE" resource is a key driver (supplemented by existing high quality resources used by staff) to deliver consistent, coherent and high quality PE to all children in all year groups	£1000		

Due to increased levels of inactivity during lockdown there is an even greater need to ensure children are increasingly active and are active for at least 30 minutes every day. Equipment for each class will be required to meet the government guidance regarding bubble/ sharing equipment.	Physical activity plans to be given to every class. Active breaks will consist of games that will provide an additional 10 minutes of moderate to vigorous daily activity. A bank of ideas will be given to each class. Staff on duty at lunchtime to lead a physically active break using individual class equipment/area. Each class to be given a class set of equipment to use within their bubble.	£1000	
Ensure children are safe yet challenged on a daily basis via the use of playground equipment.	Use the playground as a means to develop gross motor skills, physical literacy, risk taking, balance and coordination by providing a range of equipment that children will need to navigate independently. Ensure all playground equipment is fit for purpose.	£2000	
Enable all children to participate in physical activity on a daily basis ensuring they have appropriate clothing and footwear.	Replace, replenish and restock all PE clothing. All children to have their own pair of shorts, t-shirt, jumper and joggers. Pumps to be given to all pupils to ensure appropriate footwear is worn when using the outdoor area.	£500	

To maintain the quality of our extra-	All KS1 children to have the	£2000

Key indicator 2: The profile of PESSP	A being raised across the school as a tool f	or whole s	chool improvement	Percentage of total allocation:
Intent	Implementation		Impact	£4050 = 21%
Your school focus should be clear what you want the pupils to know and be able to do and about what they need to learn and to consolidate through practice:	Make sure your actions to achieve are linked to your intentions:	Funding allocated:	Evidence of impact: what do pupils now know and what can they now do? What has changed?	Sustainability and suggested next steps:
Ensure children are inspired and engaged in their learning through purposeful use of physically active learning and play strategies in the curriculum.	Tagtiv8 refresher training for all staff — improving the use of these strategies to support learning in literacy and Maths.  Use Professional Development time to collate bank of other physically active learning approaches and resources used by staff from across school (and other schools) to improve practice in this area.  TeachActive subscription to promote active learning in English and Maths across the school.	£300		
To be part of the Pennine Partnership.  To apply for the Healthy Schools	To work with other schools in the area to share good practice.  To use the knowledge and expertise of the partnership staff to lead staff CPD.  To be informed and attend upcoming training, cluster meetings and local events.  This scheme will celebrate the positive	£2250		
Rating Scheme; The Department for Education has launched a scheme to help schools rate their health and wellbeing provision.	actions that our school is delivering in terms of healthy living, healthy eating and physical activity, and will support our school in identifying further actions we can take in this area.			

<b>Key indicator 3:</b> Increased confidence,	knowledge and skills of all staff in teaching	g PE and s	sport	Percentage of total allocatio
Intent	Implementation		Impact	% £3500=18.5%
Your school focus should be clear what you want the pupils to know and be able to do and about what they need to learn and to consolidate through practice:	Make sure your actions to achieve are linked to your intentions:	Funding allocated:	Evidence of impact: what do pupils now know and what can they now do? What has changed?	Sustainability and suggested next steps:
Raising standards in PE and school sport requires all teachers and other practitioners to have access to effective professional learning. This will ensure that all teachers are making progress and will therefore support them in developing their teaching standards and supporting the school in its overall effectiveness.	Staff to have training to ensue current practice remains of a high/ outstanding standard. All training will need to be done in year group bubbles and will be run for both teachers and support staff to ensure we are up skilling all members of staff.  All support staff to take part in CPD training to ensure they are aware of how to support physical literacy and activity effectively in line with current practice. All staff to be confident in their knowledge and delivery of the curriculum, ensuring they develop physical literacy for all children.  Staff questionnaires to be used to identify areas for development.  Following feedback from staff questionnaires, staff highlight a need for further training with dance and gymnastics. Another key issue was the opportunity to observe other high quality PE lessons. This will be addresses as restrictions change	£2500		

Provide an updated consistent, progressive and coherent P.E. curriculum that empowers and increase staff confidence, whilst delivering the highest quality outcomes for our children in both physical, cognitive, social and emotional aspects of PE.	Implement "Complete PE" adapted planning resource with staff. Use staff training and review to ensure "Complete PE" resource is a key driver (supplemented by existing high quality resources used by staff) to deliver consistent, coherent and high quality PE to all children in all year groups  To observe high quality practice across the school, through drop in observations and monitoring.  Staff questionnaires will be used to ensure planning is adapted accordingly once trialled by staff.	£1000		
<b>Key indicator 4</b> : Broader experience of	f a range of sports and activities offered to	all pupils		Percentage of total allocation:
Intent	Implementation		Impact	£9291 = 49%
Your school focus should be clear what you want the pupils to know and be able to do and about what they need to learn and to consolidate through practice:	Make sure your actions to achieve are linked to your intentions:	Funding allocated:	Evidence of impact: what do pupils now know and what can they now do? What has changed?	Sustainability and suggested next steps:
To maintain the quality of our extracurricular provision, by offering after school club for all KS1 pupils twice a week. This will increase participation in physical activity for an extra 1 ½ hours per week for every KS1 child.  Active class of the week trophy to be given out in Best Work assembly each week.	All KS1 children to have the opportunity to participate in scooters/bikes, multi-games, playground games, and a range of sporting activities throughout the year.  Children to complete survey to establish most popular activities. Top activities for each year group to be provided  Starting in Spring Term — February/ March Clubs to be run 4 nights per week	£8,000		

Identify which activities pupils would like to try by year group, gender and least active groups. Ensure our school are providing activities that will engage the most pupils as well as the least active	Activities to focus on the fundamental skills.  Daily feedback from staff to be acted upon to ensure the highest quality clubs are on offer for all children. Active class trophy to be handed out every Friday based on attendance.		
To develop pupils ability to ride and balance on bikes from an early age by providing an opportunity to develop a new skill that many of our children don't get the opportunity to do outside of school	To initially train 2 members of staff to work alongside Pennine Sports Partnership and the balance ability scheme. Initially this will be done with Reception children with the intention that these staff members will be able to support other classes and teachers to teach children how to ride.	£1,291	

Key indicator 5: Increased participatio	n in competitive sport			Percentage of total allocation:
Intent	Implementation		Impact	£500 = 2.6%
Your school focus should be clear what you want the pupils to know and be able to do and about what they need to learn and to consolidate through practice:	Make sure your actions to achieve are linked to your intentions:	Funding allocated:	Evidence of impact: what do pupils now know and what can they now do? What has changed?	Sustainability and suggested next steps:
To ensure attendance at events held by the sports partnership enabling a growing number of children have the opportunity to represent the school.  This will be done virtually in the first instance allowing for the whole of KS1 to take part.  To take part in the virtual athletics and	Children will be given the opportunity to virtually represent the school by participating in events run by The Pennine Sports Partnership.	£250		
virtual cross country in the autumn and spring term.				
Ensure ALL pupils take part in a range of personal challenges and intra school competitions, that are engaging, and accessible to all.	Children will have the opportunity to challenge themselves whilst also challenging the different classes.  Termly intra competitions to be attended by all KS1 children. Achievements for determination, resilience, team work and perseverance to recognised and rewarded.	£250

## Birkby Infant and Nursery School Premium Funding Plan PE 2020/21 Allocation £18,941 Carry over from 19/20 £6500

### What is the Primary PE & Sport Premium?

The government continues to provide an additional funding of 320 million to improve provision of physical education and sport in primary schools. This funding is ring-fenced and therefore can only be spent on provision of PE and sport in school. <a href="https://www.gov.uk/guidance/pe-and-sport-premium-for-primary-schools">https://www.gov.uk/guidance/pe-and-sport-premium-for-primary-schools</a>. Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport they offer.

### This means that we use the premium to:

- develop or add to the PE and sport activities that school already offers
- build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years

### Spending the funding: We will use our funding to:

- provide all KS1 children with after school clubs each week
- provide staff with training or resources to help them teach PE and sport more effectively
- introduce new sports or activities to broaden experiences and encourage more pupils to take up sport
- maintain pupils' participation in Pennine Sports events
- participate in sports activities with other schools
- continue the use of Wake Up Shake up throughout school
- provide opportunities within the curriculum to make lessons increasingly active
- to use active breaks and the 1K to ensure children are achieving 30 active minutes every day

### Purpose of funding- PE and Sport Premium Key Outcome Indicators

- the engagement of all pupils in regular physical activity
- the profile of PE and sport is raised across the school as a tool for whole-school improvement
- increased confidence, knowledge and skills of all staff in teaching PE and sport
- broader experience of a range of sports and activities offered to all pupils
- increased participation in competitive sport

### When looking at our spending of the funding, we look at the following factors:

- 1. How inclusive our physical education curriculum is.
- 2. The knowledge of staff, lesson delivery and teaching needs to be effective and engaging
- 3. The growth in the range of traditional and alternative sporting activities
- 4. The improvement in partnership work on physical education with other schools and other local partners
- 5. Links with other subjects that contribute to pupils' overall achievement and their greater social, spiritual, moral and cultural skills
- 6. The greater awareness amongst pupils about the dangers of obesity, and other such activities that undermine pupils' health
- 7. To consider ways to engage the least active pupils
- 8. Consider ways to make our teaching increasingly active using a move and learn approach

### Active miles

Where schools choose to take part in an active mile, you should use your existing playgrounds, fields, halls and sports facilities to incorporate an active mile into the school day and develop a lifelong habit of daily physical activity.

In 2019 the government has also released the **School sport and activity plan** — we will use this plan to ensure our curriculum and school is inclusive, active and supportive of the children's ever changing physical and emotional needs.

The government has three overarching ambitions for this plan:

- 1. All children and young people take part in at least 60 minutes of physical activity every day. To meet the Chief Medical Officers' guidance on physical activity, schools, parents and the sport sector must work together to ensure that children and young people have access to at least 60 minutes of physical activity every day. As set out in the Childhood Obesity Plan, at least 30 minutes should take place in schools, and the remaining 30 outside the school day.
- 2. Children and young people have the opportunity to realise developmental, character-building experiences through sport, competition and active pursuits. Sport and physical activity can enrich young people's lives, and should be considered alongside other important activities like arts, culture, work and volunteering, to ensure young people have access to a variety of experiences. Sport is one of the Department for Education's five foundations for building character, and can help young people to develop skills such as confidence, self-belief, dedication and resilience. Sport also instils values and virtues such as friendship and fair play. In an increasingly digital world, giving children and young people opportunities for face-to-face engagement with their peers in their own and other communities is vital in developing socially as well as tackling loneliness and social isolation. And volunteering through sport can help young people to give back and play a role in their communities.
- 3. All sport and physical activity provision for children and young people is designed around the principles of physical literacy, focuses on fun and enjoyment and aims to reach the least active. Physical literacy is a core element of early learning and should be at the heart of all sport and physical activity for children and young people. All sport and physical activity provision for children and young people should be designed around the principles of physical literacy, focused on fun and enjoyment, and help young people (particularly girls and less active groups) to build confidence and develop a positive relationship with sport and physical activity.

However schools should not look to PE lessons alone to provide physical activity for pupils, but should explore options like lunchtime activities, innovative activities such as active miles, and building in activity to classroom lessons. The journey to school also provides an opportunity to increase physical activity through cycling and walking. By making sport and exercise an integral part of pupils' daily routines, schools can increase the amount of time children spend being active, boosting their physical health, mental health.
