Organisation and Responsibility

Overall responsibility for health and safety in schools' rests with the employer. Who the employer is, depends upon the type of school.

Type of School	Who is the Employer?	Comments
Community Schools Community Special Schools Voluntary Controlled (VC) Schools Maintained Nursery Schools Pupil Referral Units	Kirklees Council as the Local Authority (LA)	Governors of schools in this category have an obligation to ensure that the LA DCYP Health and Safety Policy is implemented. These schools are expected to formally adopt/adapt where necessary and implement this Policy in the entirety. Schools, however, may wish to write their own health and safety policy.
Foundation Schools Foundation Special Schools Voluntary Aided (VA) Schools Academies Free Schools	The Governing Body Or Academy Trust	These schools are advised to formally adopt/adapt where necessary and implement this Policy. NOTE. Where LA employed staff are working on these premises (e.g. cleaning staff) the LA has responsibility for their health and safety. <i>Where the school directly employs staff, the Governing Body is then responsible for their health and safety.</i>
PPP Schools	Kirklees Council is not the employer of all staff e.g. caretaking and cleaning staff.	This should be explicit in the school policy and they should be classed as contractors.

Regardless of anything stated above, all school governing bodies have health and safety responsibility as the **occupier** of the premises.

Head Teachers must make arrangements for ensuring the implementation of the health and safety policies of their employer and/or any Governing Body arrangements arising out of their health and safety responsibilities.
