

COMMUNITY CHRISTMAS GIFT APPEAL

Are you able to add just one more gift or treat to your shopping list this December?

Many vulnerable families in our community will be spending the festive season in a very different way. Lots of households will not have a tree and decorations, they won't wake up on December 25th to a sack full of gifts and they won't be feasting on a delicious, hot meal.

This appeal is an attempt to provide those families with a little more joy around the holiday period.

Can you help?

Whilst out shopping over the next few weeks, why not add one extra gift or treat to your shopping list. It doesn't have to be extravagant or expensive.

We are collecting gifts and treats, not only for children of all ages and faiths, but for parents/carers too.

Even if you don't celebrate Christmas yourself you are welcome to make a donation, which will be gratefully received.
