Additional programmes which may be of interest:

Multiply

Multiply is the free, government funded, adult maths support programme, part of Levelling Up, Skills for Life, the Department for Education, and the UK Shared Prosperity Fund. The Multiply programme aims to boost people's ability to use maths in their daily life, at home and work. Whether that be improving household finances, helping children with homework, making more sense of the facts in the media, or improving numeracy skills specific to a line of work.

All adults (19 years and over) who need to improve their numeracy (up to and including level 2 or equivalent) will be able to access free flexible courses and initiatives that fit around their lives - whether this is in person or online, at work or in their own time (evenings, part time or intensively).

In West Yorkshire, Multiply is led by the West Yorkshire Combined Authority as part of the Mayor's ambition to make West Yorkshire the best place to work, learn and live.

Please follow the link to courses on offer under this programme [Multiply - Timetable](#)

Kirklees Digital Hubs

The council is supporting Kirklees Digital Hubs which are run by local community organisations to make sure that access to devices, spaces and digital skills are available to everyone, as part of this there is a device loan scheme. Chromebooks and MiFi are available for adults who are digitally excluded, to help combat loneliness, improve health and wellbeing and access learning opportunities, such as our free courses for adults.

We want everyone to understand how digital can benefit them, gain the skills and get connected. Borrowing devices can be an excellent way of trying new things and improving your skills, build your confidence and getting online. You will be better informed, more independent and less isolated.

For more information please visit: [Digital access and skills training | Kirklees Council](#) or email digital.hubs@kirklees.gov.uk
