

Are you looking for a
dentist for your children?

We are working with the NHS to help
children **age 0-5** get into a Dentist

It is important children attend the dentist
regularly so they become familiar with the
environment and get to know the dentist.

If your child is not registered with a
Dentist please contact us on 01484 423701
or via email; info@parkviewdp.co.uk
